

# Siamo Mareà Berlino

Anti-violence help desk in Italian for women, lesbians, non-binary people, intersex, trans and agender individuals

# Introduction.1

We are Francesca and Euridice, two Italian individuals who migrated to Berlin.

Our experience (despite having European passports) has given us the opportunity to personally encounter the situations and obstacles that **migrants** face on a daily basis.

Here in Berlin, the **Italian and Italian-speaking community** is particularly large. We have imagined the difficulties of a person who, not speaking German and not being familiar with local institutions, finds themselves experiencing violence.

# Introduction.2

We also believe that there are not enough safe spaces for **FLINTA\* people** (Women, Lesbians, Intersex people, Non-binary, Trans, and Agender individuals).

Therefore, we have decided to create a space for people who, for any reason (study, work, or vacation), find themselves in **Berlin** and speak Italian.

Thus, we envisioned a **safe place** where we can welcome people in difficult situations, offer listening, advice, and support to face potential difficulties.

# The project in detail

## Emporwement
